

Gino Di Prospero is an artist who has had considerable experience in the world of contemporary art and expresses a figurative art which gives a great force of movement and contrast of colors that send a strong and unequivocal signal communication: the stark choice of ' artist. A lifestyle choice that I brought him and take him to innovate and seek with works very evocative, with great aesthetic sense and extremely scenic. Prospero interprets the life and everyday scenes of man according to his vision made of color, movement, passion, original and unique features that make this artist in contemporary art of the 21st century.
